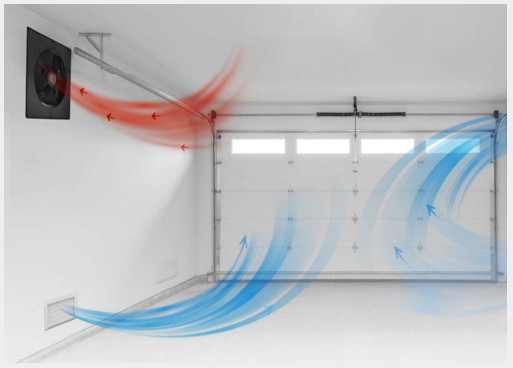
Ventilation solutions for every garage configuration.

Open Ceiling Garage

Solar roof-mounted fans are perfect for garages and storage spaces with open ceilings, providing cost-free cooling by harnessing the sun's energy.

Closed Ceiling Garage

For garages with attics, a powered fan cools both spaces while protecting the structure. It includes fire-rated damper doors and a Comfort Control remote for easy customization.



Closed Ceiling With No Attic Space

A solar interior-mounted fan keeps your garage comfortable while preserving curb appeal with a discreet roof-mounted panel.
